REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Jaffrey School Board:

I submit herewith my twenty-first annual report as Superintendent of Schools, it being the thirtieth in the series under union supervision. With this report is submitted the report of Headmaster Ernest B. Dana of Conant High School, and Mrs. Helen L. Towne, R. N., School Nurse.

In the high school the only change in the teaching staff was caused by the retirement of Miss Margaret L. Cournoyer, who had completed nine years of valuable service as teacher of English and French. She was succeeded by Miss Alice E. E. Lehtinen, a graduate of the University of Michigan, with graduate work at the University of New Hampshire.

In the grade school Miss Mildred Cutter was elected as a new teacher to take one division of grade four, and Mr. Donald Chamberlin, who had been at Boston University on a year's leave of absence, took charge of grades five and six. He had formerly had pupils from grades four, five and six.

The enrollment for the present school year is 563, an increase of 18 over the enrollment a year ago. The figures for the first term of last year and of the present school year are as follows:

	Senior High 9—12	Junior High 7—8	Elementary 1—6	Total 1—12
1937-38	115	110	320	545
1938-39	131	114	318	563

With the opening of the new grade school building in September, 1938, grades five and six were transferred from the Conant building to the new school. Both these grades were continued with Miss Shea in charge of grade five and Miss Vanni in charge of grade six. Divisions from grades five and six were placed in charge of Mr. Chamberlin. Grade four was divided, Miss Helena Brown being placed in charge of one division and Miss Mildred Cutter of the other. Miss Nora Hurley was continued in charge of grade three, Miss Kimball in charge of grade two, and Miss Lynch in charge of grades two and three. Grade one was divided equally between Miss Wallace and Miss Bunker. Miss Costello, who has given faithful and efficient service as principal and teacher of grade four was continued as principal of the new building with remedial work in the several grades. This arrangement allows for much more effective individual work with pupils needing extra help in any grade, and with the hearty cooperation of the teachers of the school should work out as successfully as it has worked out in many of our modern schools. Mrs. Mildred Whitcomb, as music supervisor, has been returned to the former schedule of weekly visits instead of one day in two weeks.

The new school building and auditorium was dedicated with appropriate exercises in September. Commissioner James N. Pringle represented the State Board of Education, and his acquaintance with the Jaffrey schools as superintendent nearly thirty years ago, made his recollections of that period very interesting, and Mr. George H. Duncan gave a most interesting history of the old Union Hall, so long used as a school building. Through the generosity of Columbus & Berg the Florence Band of Gardner, Mass., furnished music for the dedication.

The moving of grades five and six from the Conant building has relieved the congestion of that school and allowed certain changes that have been needed for a long time. It has been possible to cut through the partition between the Home Economics room and the former English room, and thus enlarge the Domestic Arts department so that its necessary activities can be more conveniently carried on.

Other changes may be made at a later time, but with the large expenditures for the organization of the new grade build-

ing certain plans will have to be postponed for a time.

Certain expenditures for the present school year have been larger than estimated last year. This is especially true of the heating and lighting of the new school and auditorium. These items with the increased insurance payable during the present year, and the larger payment on the bonds and interest make it necessary to call for a special appropriation as well as an increased budget for the coming year.

I feel that I express the sentiment of the school board as well as my own feelings when I sincerely thank the many citizens of this town for their interest in the construction of our new school building, as well as their interest in and support of our school activities during the past year, and I desire to thank teachers, pupils and parents for their cordial support and cooperation.

Very truly yours,
LEWIS S. RECORD, Supt. of Schools

East Jaffrey, N. H., February 20, 1939.

REPORT OF HEADMASTER OF CONANT HIGH SCHOOL

To Lewis S. Record, Superintendent of Schools, East Jaffrey, N. H.

The following is my second annual report as Headmaster of Conant High School:

ber of half days in which schools were in session in 1937-1938 was 344, while the average for the state was 355.8. For the current school year the percent of attendance has been 95.7 and the number of tardinesses per pupil .54.

Activities from February 1938 to February 1939

DRAMATICS: On December 15 the members of the senior class presented the three act comedy, "Adorable," in the new Auditorium. This entertaining play showed that much time and work has been put into its production by both the coach, Miss Alice E. E. Lehtinen, and members of the class. It was an all around success and netted the class a substantial amount for the Washington Trip Fund.

Miss Lehtinen and the members of the Junior Class are working hard upon a three act comedy, "Lindy Lou," which will be presented in the new Auditorium March 27.

WASHINGTON TRIP: During the April vacation sixteen of the nineteen members of the Senior Class with Mr. Ernest B. Dana and Miss Sarah Griswold as chaperones, went to Washington. The group was under the guidance of the Baltimore and Ohio Travel Agency. On the trip, as in the past, just as many as possible of the points of interest in and about the Nation's Capital were visited by the class between the time of arrival there on Saturday evening and Wednesday morning, when the party left for New York. There, too, practically every moment was taken up with visits to points of interest and with sight-seeing trips.

ATHLETICS: Conant High School Athletic Association wishes to express its sincere appreciation to the School Committee and townspeople for building and furnishing a splendid new athletic plant. The opportunities furnished by a new baseball field and a

beautiful and well equipped gymnasium have made possible for our boys and girls the advantages of which they were so much in need. And the returns realized from the various activities sponsored by local organizations and the generous support of the public have contributed in no small way to build up this important department in our high school. New uniforms have been purchased for the baseball team, new jackets for both girls' and boys' basketball teams, and new playing equipment for all athletic teams. With these facilities, plus the interest and enthusiasm of the players, and student body, stimulated by an experienced and competent coach, the school teams have developed to the point of furnishing the competition in interscholastic athletics of which they are capable. For the first time in several years the baseball team won the Monadnock League Championship. And although some outstanding players were lost by graduation, there should be a sufficient number of veteran players to build up strong teams for another year.

MUSIC: This year with the music supervisor, Mrs. Mildred Whitcomb coming every week instead of every two weeks, it is possible to accomplish much more work. The instruction in music is about equally divided between chorus work with the student body and to work with the Glee Club. In May five pupils, Helen Adams, Helene Whitehead, Robert Garfield, Neale Brown and Robert Major accompanied Mrs. Whitcomb to Nashua to take part in the ninth annual symphony concert.

Since then choruses have taken part in both the Junior High School Prize Speaking Contest and in the Amos Fortune Prize Speaking Contest as well as furnishing a very important part in the graduation exercises of both schools. On December 20 the combined glee clubs in the Junior and Senior High Schools put on an excellent Christmas Concert in the new Auditorium which was greatly enjoyed by parents and friends.

MISCELLANEOUS: On May 13 the Junior Class held its Invitation Ball in the Town Hall at Jaffrey Center, and in June, following graduation, its Reception to the Seniors was the social event of the year.

The Hallowe'en Ball in charge of this year's Junior Class on October 28 was the first school dance to be held in the New Auditorium. The success of this class activity illustrated the value of a large hall for school social functions.

The fourth Amos Fortune Prize Speaking Contest was held April 7 in the Grange Hall. The winners for the girls were Pauline O'Neil and Elizabeth Record, and for the boys Neale Brown and Julius Mei.

CONCLUSION: It has been possible to arrange the daily schedule this year so that the requirements of the George Deen Act are met in the instruction of Home Economics which means that the town is reimbursed by the Federal Government for about one-third of the salary of the teacher of this course. This makes possible the purchase of much needed equipment in the department.

With the moving of Grades V and VI to the new school building, additional rooms have been available for use in the Junior and Senior high school. This has made possible the dividing of both the 7th and 8th grades in the Junior high school into two divisions, the use of the small room on the first floor for Senior High School English classes, and another room for use by the overcrowded Home Economics Department can be obtained by cutting through the partition which separates the present one from the old English room.

Some changes have been made in the assignment of subjects to teachers, it being the policy, in so far as is possible, to have a teacher teach either one subject or closely related subjects. Modern European History has been added to the curricula

as an elective subject in the Junior and Senior years. The response from the pupils to this subject seems to indicate that it has fulfilled a need.

With a constantly increasing number of pupils taking the Commercial Course of study, a room equipped with a glass partition seems urgent so that the commercial teacher can supervise two kinds of commercial work during the same period.

Beginning the school year 1938-1939 all pupils who take part in any interscholastic athletics must have a physical examination by a physician and a statement that they are physically fit to take part in contests. It is gratifying, also, that a dental clinic is already at work. These steps to safeguard the physical health of our boys and girls are in keeping with the long known fact that the mental well being is directly dependent upon the physical.

Respectfully submitted,

ERNEST B. DANA, Headmaster.

In conclusion may I take this opportunity to express my sincere appreciation and thanks for your support and help for the wholehearted co-operation of Mr. Record, the superintendent, the School Board, Teachers, Doctors, Dentists and the Health Officer and all, and I think it is a most fitting time to thank the members of each order and organization or club for their generous donations to the School Health Fund to be used for the Dental Clinic and other corrective follow-up cases and for this very appropriate occasion to say as "Tiny Tim" prayed, "God Bless us every one" in the Christmast Carol by Charles Dickens.

Respectfully submitted,
